PROFORMA INVOICE — FULL SOFTWARE INTEGRATION

BILL TO

The Administration
SAHIK – Sapientia Higher Institute of the Diocese of Kumba
Kumba, Meme Division, South-West Region, Cameroon

Proforma Invoice No: INV-2026-SAHIK-001 (Rev. 4)
Date: October 14, 2026
Project: Full Integration of the Integrated Management System (IUMS) Software – All Phases

This proforma covers the full integration of the IUMS software for SAHIK, Kumba Campus, across all project phases (Discovery, Academic & Fee Configuration, HR & Budget Configuration, and Testing/Training/Go-Live). This revision (Rev. 4) supersedes Rev. 3 dated August 20, 2026 and acknowledges the payment of 300,000 XAF received on August 21, 2026.

PART 1: FULL SCOPE OF WORK — TOTAL CONTRACT VALUE

Item	Description of Work	Amount (XAF)
A	**Deployment, Server & Domain Configuration** On-site installation and configuration of the Integrated Management System (IUMS) on the provisioned cloud VPS, server hardening, and domain-to-server linkage. Status: Completed (Phase 1).	350,000
B	**Academic Structure & Configuration** Setup of faculties, departments, programs, courses, semesters, batches, academic sessions, and grading frameworks. Status: Completed (Phase 1 & 2).	600,000
C	**Student & Staff ID Card System** Design and generation setup for both Student ID Cards and Staff ID Cards, including layout, data fields, and print-ready templates. Status: Completed (Phase 2).	150,000
D	**Front Website, Content & Online Application Portal** Deployment of the institution's public front website, content population/update, and setup of the Online Application Portal, replacing the previous manual/offline application process. Status: Completed (Phase 2).	350,000
E	**Official Document Templates (Letterhead Integration)** Configuration of the school's official letterhead within the system for auto-generated documents (transcripts, certificates, official correspondence). Status: Completed (Phase 2).	100,000
F	**Financial & Accounting Structure Setup** Collaborative setup with the Finance Director covering Chart of Accounts, budgeting structure, financial reporting, and tax allocation configuration. Status: Completed (Phase 2).	500,000

I-NNOVA CM

Item	Description of Work	Amount (XAF)
G	**Fee Structure Configuration** Configuration of tuition, program-specific, and semester-specific fee structures, including admission fee application within the intake process. Status: Completed (Phase 2).	250,000
H	**Payroll System Setup** Configuration of payroll processing, payslip generation, and salary/allowance structures. Status: Completed (Phase 2).	250,000
I	**HR Configuration & Staff Onboarding** Setup of staff departments and designations, and onboarding of internal staff onto the system. Status: Completed – internal staff (Phase 2); lecturer onboarding continues under Phase 3.	200,000
J	**Legacy Process Migration** Migration of previously manual/offline application processes to the online system, so all new applications are now processed digitally. Status: Completed (Phase 2).	150,000
K	**Training of Internal Personnel** On-site training for administrative, finance, HR, and academic staff on use of the system. Status: Completed (Phase 2); lecturer & student training continues under Phase 3.	100,000
L	**Digital Library, E-Library & E-Learning Platform** Physical library stock/member management, digital e-book repository, and E-Learning platform for online course delivery, digital content, and assessments. Status: Pending – scheduled for Phase 3 rollout.	200,000

TOTAL CONTRACT VALUE (Full Software Integration – All Phases): 3,200,000 XAF

Amount in Words: Three million, two hundred thousand XAF

PART 2: PAYMENT SCHEDULE

ACKNOWLEDGEMENT OF PAYMENT RECEIVED

I-NNOVA CM hereby acknowledges, with thanks, receipt of **300,000 XAF** from SAHIK on **21/08/2026** as payment for **Phase 1** of the project. This amount has been credited against the Total Contract Value, and the schedule below reflects the revised position.

Description	Amount (XAF)
Total Contract Value (Full Integration – All Phases)	3,200,000
Phase 1 Payment – Received 21/08/2026 (Acknowledged)	300,000
Phase 2 Payment – Completed, Due Now	1,700,000
Milestone 1 – Phase 1 & 2 (Completed), Total	**2,000,000**
Payment Received To Date	300,000
Balance Due Now (Phase 2)	**1,700,000**
Milestone 2 – Phase 3 & 4 (Remaining), Invoiced Upon Completion	1,200,000

Note: The Phase 2 payment (1,700,000 XAF) includes on-site mobilization/logistics cost of 48,000 XAF (Bamenda–Kumba round trip, team of 3 personnel).

NOTE ON DOMAIN & CLOUD SERVER PAYMENT

The domain name and Cloud VPS subscription (Domain Name Registration: 5,500 FCFA; Cloud Server – RAM + Backup & Security: 277,000 FCFA; Total: 282,500 FCFA) were invoiced separately on 14/08/2026 and have been paid in full via MTN MOMO to Account 671008494 (Atangabua Barry Achonduh). This payment is confirmed and is not part of the contract value above.

PART 3: REMAINING DELIVERABLES — PHASE 3 & 4

The following are bundled within Milestone 2 (1,200,000 XAF) and will be delivered and confirmed as part of Phase 3 & 4, per the Project Activity Checklist:

- Onboarding of remaining lecturers onto the system.
- Student orientation session on use of their student portals.
- Rollout of the Digital Library, E-Library & E-Learning platform (Item L).
- Completion of HR configuration: work-shift schedules, staff-to-role assignment, and salary type classification.
- Academic-year budget framework finalization.
- Full system integration testing across academic, fee, HR, and budget modules.
- Formal user acceptance testing and sign-off from SAHIK's IT/administrative steering committee.
- Final go-live confirmation for all backend modules (front website and application portal are already live).

PART 4: ONGOING PLATFORM SERVICE FEE

To sustain continuous improvements, maintenance, and security updates for the system, the following fee applies once the platform is in full operation:

Service Description	Fee Structure
Comprehensive System Access (All Modules, Hosting, Support, Maintenance)	2,000 XAF per student per Academic Year

Upgrades, Updates & New Features: from go-live onward, all future software upgrades, updates, and new feature releases to the IUMS platform will be provided free of charge, at no additional cost to SAHIK, for as long as the Ongoing Platform Service Fee remains active.

SYSTEM SECURITY FEATURES

Application-Level: Role-Based Access Control, data encryption at rest and in transit (TLS 1.3), secure authentication, audit logs, protection against SQL Injection & XSS.

Cloud-Level: Tier-1 cloud hosting, firewall & intrusion detection, automated backups and disaster recovery.

QUALITY ASSURANCE & COMPLIANCE

The academic and administrative structure implemented within the system adheres to SAHIK's institutional policies and standard higher-education operational frameworks in Cameroon. Quality assurance procedures were followed throughout configuration to ensure full compliance with institutional guidelines.

We remain open to discussion on any line item above and are happy to revise this proforma as needed.

Sincerely,
I-NNOVA Director
OBED DESTINE ATANGABUA
